

SEASON FOR FLAT HUNTING IS HERE

Monday Being Official Moving Day, Families Prepare for the Annual Hegira or "Spring Shift."

ROCK RIVER CAMPERS ACTIVE

Rock Island People Who Possess Summer Homes Will Venture Back to Nature During Month of May.

The present week is one in which the flat hunter ventures forth into unknown fields to inspect the wall paper, the built-in beds, the view from the kitchen window and the size of the lawn he will have to mow. Inspection of the furnace will be passed up as its terrors are over for a period of seven months.

Monday is official "moving day" and reports are that many families in Rock Island have prepared to make the hegira. The "shifting," if it may be called that, will be confined within the limits of Rock Island. The "move" will not be out, but will be within.

Places to rent are scarce in Rock Island. There are more houses than flats available. Houses are being vacated by people planning to move into flats. The demand for small houses to be purchased on easy payments is increasing, which is a sure prosperity sign.

There is a large demand for houses such as are occupied by the ordinary laborer with a family. Increase of business here has increased the demand for houses. Houses with yards suitable for garden purposes in the outlying districts are being sought by prospective tenants.

"Closer in," employing the real estate dealer's phrase, there is usually less shifting in the spring than in the outlying districts.

Campers Are Active. With the coming of May 1, camps on Rock river will witness great activity. Preparations will be made by many who "winter" in the city to "summer" close to nature. By June 1 when the schools close practically every camp on Rock river will be occupied. Parents remain in the city until the children complete their work at the schools.

CALLS ON WARRING NATIONS TO STOP

Senator Francis G. Newlands.

Senator Francis G. Newlands of Nevada has introduced a resolution in the upper house calling upon the warring nations of Europe to make peace. The resolution suggests that conditions in Europe shall remain exactly as they were before the war, that no boundary shall be changed and no indemnities paid.

GREEN PEAS BID FOR POPULARITY

Fresh Stock from California to be Found on Rock Island Markets First of Next Week.

NEW HEAD LETTUCE ALSO COMES

Quart Boxes of Strawberries Are to be Introduced Showing That the Supply Is Plentiful.

Women shoppers at Rock Island during the coming week will find many delicacies on the markets. The first green peas of the season are being received at the stores, selling at 12½ cents per quart. California is producing the peas and while the supply at present is rather small it is expected that by the latter part of next week plentiful quantities will be offered.

Butterdort is supplying large cucumbers. They are selling at 15 and 20 cents each. The stock is grown under glass. Pie plant grown in Illinois will continue on the market. It is cheap, 5 cents per bunch. Cauliflower is hard to get.

Mississippi head lettuce will make its debut on the local market this week also. Head lettuce from Louisiana which has been received in the past, was found of poor quality but that from Mississippi, dealers say, is good. It is selling for 30 cents a pound. Stock grown under glass from nearby truck gardeners is being sold for 18 and 20 cents per pound.

Louisiana's new cabbage crop and some from Florida is in competition with Michigan's 1915 stock. The new cabbage from Louisiana is selling for 5 and 6 cents per pound, while last year's crop is getting 3 cents.

Texas spinach is still on the market. Dealers report that the demand is being supplied satisfactorily. Onions and radishes are still popular with householders, being from local hot-houses. Onions are selling at three bunches for 5 cents, while radishes go for "three for a dime."

Plenty of Berries.

Strawberries are going to be plenty. Quart boxes are to be on the market this week at 20 cents. Heretofore pint boxes only have been sold. They are being shipped from Mississippi and Louisiana.

Dealers predict a hurrying of the southern Illinois crop of vegetables, on account of the fact that the season in the northern part of the state is becoming milder and competition will be offered. Asparagus farmers south and east say that sufficient rains have fallen to secure a large crop and that all that is necessary now is mild weather.

At any rate, dealers say, home grown garden stuff never goes begging in Rock Island.

YOUR OLDEST HAIR IS FIVE YEARS OLD

The normal life of hair is from five to seven years. The old hairs are constantly falling out and being replaced by new. Keep the new healthy and urge new growth with the right shampoo.

Go-Go-Oil is the latest product which thoroughly cleanses the hair with stimulating, antiseptic effect on the scalp. This liquid, fragrant shampoo is made of the Oriental plant, Go-Go, and refined coconut oil in just the right blend. Both products have acknowledged virtues to beautify the hair and encourage the scalp to healthy action. Dandruff can be relieved and its return prevented by Go-Go-Oil. Women should use Go-Go-Oil at least every two weeks. For blond or gray hair it is especially efficient, as it preserves the color without streaking or artificial effect.

Go-Go-Oil leaves the hair soft and lovely with an electric fluffiness which follows perfect cleanliness of every strand.

It is easy to use, quick to dry and has none of the brittle, alkaline action of soap. The purity and harmless qualities of Go-Go-Oil especially recommend it for baby's hair. 50c a bottle.
